At the Hibernia Inn, we are doing our utmost to reduce our Carbon Footprint by trying to run a more eco-friendly establishment wherever possible. We buy from local Farms and Shops to cut down on transport emissions, you will have noticed to change the LED Lighting, non-concussive Taps installed in the Toilets. We have now changed our takeaway habits too - all our takeaways are now being served in bio-degradable containers with reusable and sustainable bamboo cutlery.

Our coastlines are under threat from all the plastic products used in today's throw away world and this close to the sea we must do our bit to help.
